

HAAS ENVIRONMENTAL, INC.

The Services You Need. Where You Need Them. When You Need Them.

Soon after the devastation of Hurricane Katrina, Haas Environmental responded to the Disaster Relief effort in the New Orleans area, vacuuming over 16,000 Catch Basins and Jetting well over 400 MILES of drainage pipe in the parishes of Jefferson, Plaquemines, St Bernard and Orleans as well as the City of Harahan. To accomplish this Haas dispatched over 50 Vactors, Jetters and Combo units with qualified technicians and support equipment until the task was completed. All this happened while the national operations of Haas Environmental continued to service existing customers without interruption.

Since inception in 1996, Haas has been proven as a leader in the Industrial Cleaning Services and Environmental Remediation Industries by performing services for municipalities, steel mills, production plants, emergency spill response and various other facilities. Haas is a Safety First organization with pride in our emphasis on cost efficiency and sound judgment in operations and administration.

Haas employs more than 200 nationally with over 225 pieces of operating equipment ranging from Excavators to pressure washers. (equipment list and specifications available on request). We offer extensive Industrial Cleaning knowledge and experience as well as common sense business savvy. We are committed to success.

The Haas organization felt the pain of Katrina first hand. From President Gene Haas to the truck crews vacuuming and jetting, Haas Environmental lived with the people of the Gulf and did what we could to rebuild not only drainage but spirit. To everyone affected by the catastrophe, God Bless you and Guide you.

*Locations throughout the Eastern United States to serve you.
